I have been	gone to the movies alone
in A/V club	founded a club of any sort
a theater techie	solved a Rubix cube
to a gamecon	solved an entire 500+ piece puzzle
to another con	thought I could win a quiz show
host at any con	corrected a professor in class
game master	corrected a salesperson on technical specs
a computer lab monitor	_ corrected a supervisor on spelling or grammar
in a fan club or on their mailing list	written a letter to the editor
in the SCA	snorted while laughing
seriously involved in the SCA	never turned down a date
Trivial Pursuit winner > 10 times	held an office in the SCA
called a geek	written articles for SCA publications
several times	used "authenticity police" in a sentence
in "smart" classes	been accused of being in the authenticity police
impatient to see the Lord of the Rings films	indexed and catalogued any personal collection
a scout for 10+ years	
a high school mascot	
in marching band	I have seen (2+ times)
to band camp	Bladerunner
to a math/science camp	Clerks
in the chess club	The Dark Crystal
on any sort of academic team	The Fly
in a math competition	Highlander: the movie
placed high or won	The Last Starfighter
in a science competition	Any Monty Python movie
placed high or won	The Neverending Story
to museums by my own freewill	Princess Bride
referred to as Dilbert	Rocky Horror Picture Show
referred to as Velma	Spaceballs
dumped at a dance	_ TRON
dumped at a Star Trek convention	War Games
Ti	Any Star Trek movie
I have	All Star Trek movies
roleplayed	The Star Wars Trilogy
3+ times a week	Star Wars Episode I
for 12 hours straight	Transformers: the movie
programmed a calculator in math class	Weird Science
studied a language on my own	Any Kung Fu movie made before 1980
<ul><li>gone to a party just to play Trivial Pursuit</li><li>attended a geek party</li></ul>	L routinaly watch
	I routinely watch
<ul> <li>been really excited about attending a geek party</li> <li>a phone number with GEEK as the last four digits</li> </ul>	Dexter's Lab
•	Ren & Stimpy X-Files
or something equally geeky: always hated mainstream	Star Trek
a Ph.D.	Star Trek: The Next Generation
worn a costume other than for Halloween	Star Trek: The Next Generation Star Trek: Voyager
done homework that wasn't required	State Fick: Voyager Deep Space 9
done homework for somebody else	Babylon 5
attended public academic lectures on my own	Farscape
studied an artificial language (i.e. Esperanto, Klingon)	
studied an artificial language (i.e. Esperanto, Kinigon)	MST3K
worn 2+ watches at the same time	Quantum Leap
to keep track of multiple time zones	Quantum Leap Highlander
taken the Mensa test	spinoff shows of any of the above
joined Mensa	documentaries
talked to plants to help them grow	Anime
named a pet after a scientist or inventor	History Channel
after a gaming, literary, or B-movie character	Weather Channel
after a mythological being	··· Catalor Chamici
after a technical term	
area a common term	

I ha	ve read		> 1 video game system
1 114	Hitchhiker's Guide	_	an exotic animal
	Lord of the Rings		an endangered species
_	Robert Heinlein	_	binoculars
	Robert Jordan		telescope
	Anne McCaffrey		microscope
	Stephen Hawking		magnifying glass
	Isaac Asimov		laser pointer
_	The Knowne Worlde Handbook	_	laser pointer
_	books on math/science outside class	Iwa	ant
	books on grammar outside class		more Magic the Gathering cards
_	history books outside class		a lightsaber
	Russian literature outside class	_	a date
	gaming books		more computers
	cover to cover		to work for Microsoft
	entire calculator manuals		to one-up Microsoft
	entire computer manuals		to call Microsoft "Microshaft"
	software/computer language books		to be cast in a Kevin Smith film
	for a reading circle or book club		Jean Gray
	joke/humor books for self-enrichment		Jeff Goldblume
	John Hamor cooks for the children		7 of 9
I be	lieve		Jean-Luc Picard
	in unicorns		Mulder
	in dragons		Scully
_	in fairies		more friends
	in trolls or leprechauns		100-sided dice
	in aliens		to be a wizard
	in vampires		to be a superhero
_	that I am a vampire		to be a physicist
	in the Force		to be a historian
	that anything can be fixed	_	to be an economist
	Linux is the only worthwhile OS		to be a librarian
_	<b>,</b>		to be a meteorologist
			to be an astronomer
Iow	yn		to take over the world
	pocket protector		to score well on this test
	Rubix cube		
	2+ Rubix cubes	I lik	te to
	more than one slinky		play with numbers
	four-color pen		play with words/sounds
	whole/partial set of figurines		play with hazardous chemicals
	multi-sided dice		make documentaries
	a gaming book		read on Friday or Saturday nights
	several gaming books		go to the library
	Magic the Gathering cards		browse the dictionary to learn new words
	1 or 2 computers		do logic games
	3+ computers	_	put together puzzles
	PDA, pager, and cell phone		program
	2+ CD burners		roleplay
	Sun, HP, SGI server		buy DVDs for their bonus materials
	2+ DVD players		work mathematical problems
	2+ sound effects CDs	_	work chemical formulas
	art made from color gels		do physics in my head
	several MP3's		play with Legos
_	a techie black outfit		listen to NPR or AM radio
	script to any Monty Python film		listen to books on tape
	any Star Wars film	_	learn on my own
	any Star Trek film		·
	several maps and/or globes	I we	ear
	thermometer that also measures humidity		glasses
	2+ dictionaries		that I have repaired myself
	> 1 chess set		software company t-shirts

	•
computer-humor t-shirts	written a regular expression parser
computer-related ties, underwear, etc.	followed comic strips online
comic book-related ties, underwear, etc.	a subscription to a sci-fi or computer magazine
shirts that proclaim geekhood	designed a robot
Star Wars t-shirts	built a robot
only black t-shirts	built a go-cart
ugly shirts	built a computer
my shirt tucked into my underwear	built my own network of computers
Spock Ears	designed a nuclear device of some sort
permanently due to plastic surgery	built a nuclear device of some sort
Vampire teeth	plotted world domination (to some extent)
permanently due to cosmetic dentistry	played Final Fantasy
hi-tops	defeated Final Fantasy
a digital watch	defeated all Final Fantasy games
day-of-the-week underwear	more than 3 e-mail addresses
suspenders	played video/computer games for 12+ hours straight
	been on a listserv
I play	created a listsery
Chez Geek	dated someone over the internet
chess	married someone I met over the internet
word games (like boggle and scrabble)	exaggerated on this test to score better
on my PDA	flat out lied on this test to score better
solitaire	
5+ times a week	I know
They Might Be Giants	C++
Devo	UNIX
Weird Al Yankovic	Lisp, Ada, CGI scripting, Pascal, or Delphi
Man or Astroman	Java
show tunes	BASIC
cartoon soundtracks	ASCII
music that nobody else listens to, ever	HTML and/or JavaScript
no sports	Latin
the accordion	chemical symbols for 10+ elements
computer strategy games	the names of 3 temperature scales
games via the internet	and the freezing/boiling points of each
an excessive amount of computer games	the difference between nuclear fission and fusion
Risk	how to roll-step and high-step in time
all the way to the end	my age in binary
<del>_</del>	how to count in hexadecimal
	now to count in nexadecimal
I collect	the difference between octal and octane
	the difference between octal and octane
comic books	<ul><li>the difference between octal and octane</li><li>what RAM and ROM stand for</li></ul>

#### SCORING

Each box checked is worth one point.

If you fill in all the boxes in a section, add an extra ten points to your score.

Less than 30 points: Poser!

30 - 49 points: Geek

50 - 79 points: Total Geek

80 - 109 points: Major Geek

110 - 139 points: SuperGeek

140 - 169 points: UltraGeek

170 - 220 points: Geek God

More than 220 points: Dysfunctional Geek

### HOW YOU RANK IN GEEKNESS:

To get a complete statistical analysis of all the geeks surveyed, put your name, e-mail address, and Geek Test score on the list, and you will be notified when all the data is compiled.

That's just how geeky we are.
